- Goal #2: **Generate more passive income from DeAI projects**

USD Coin

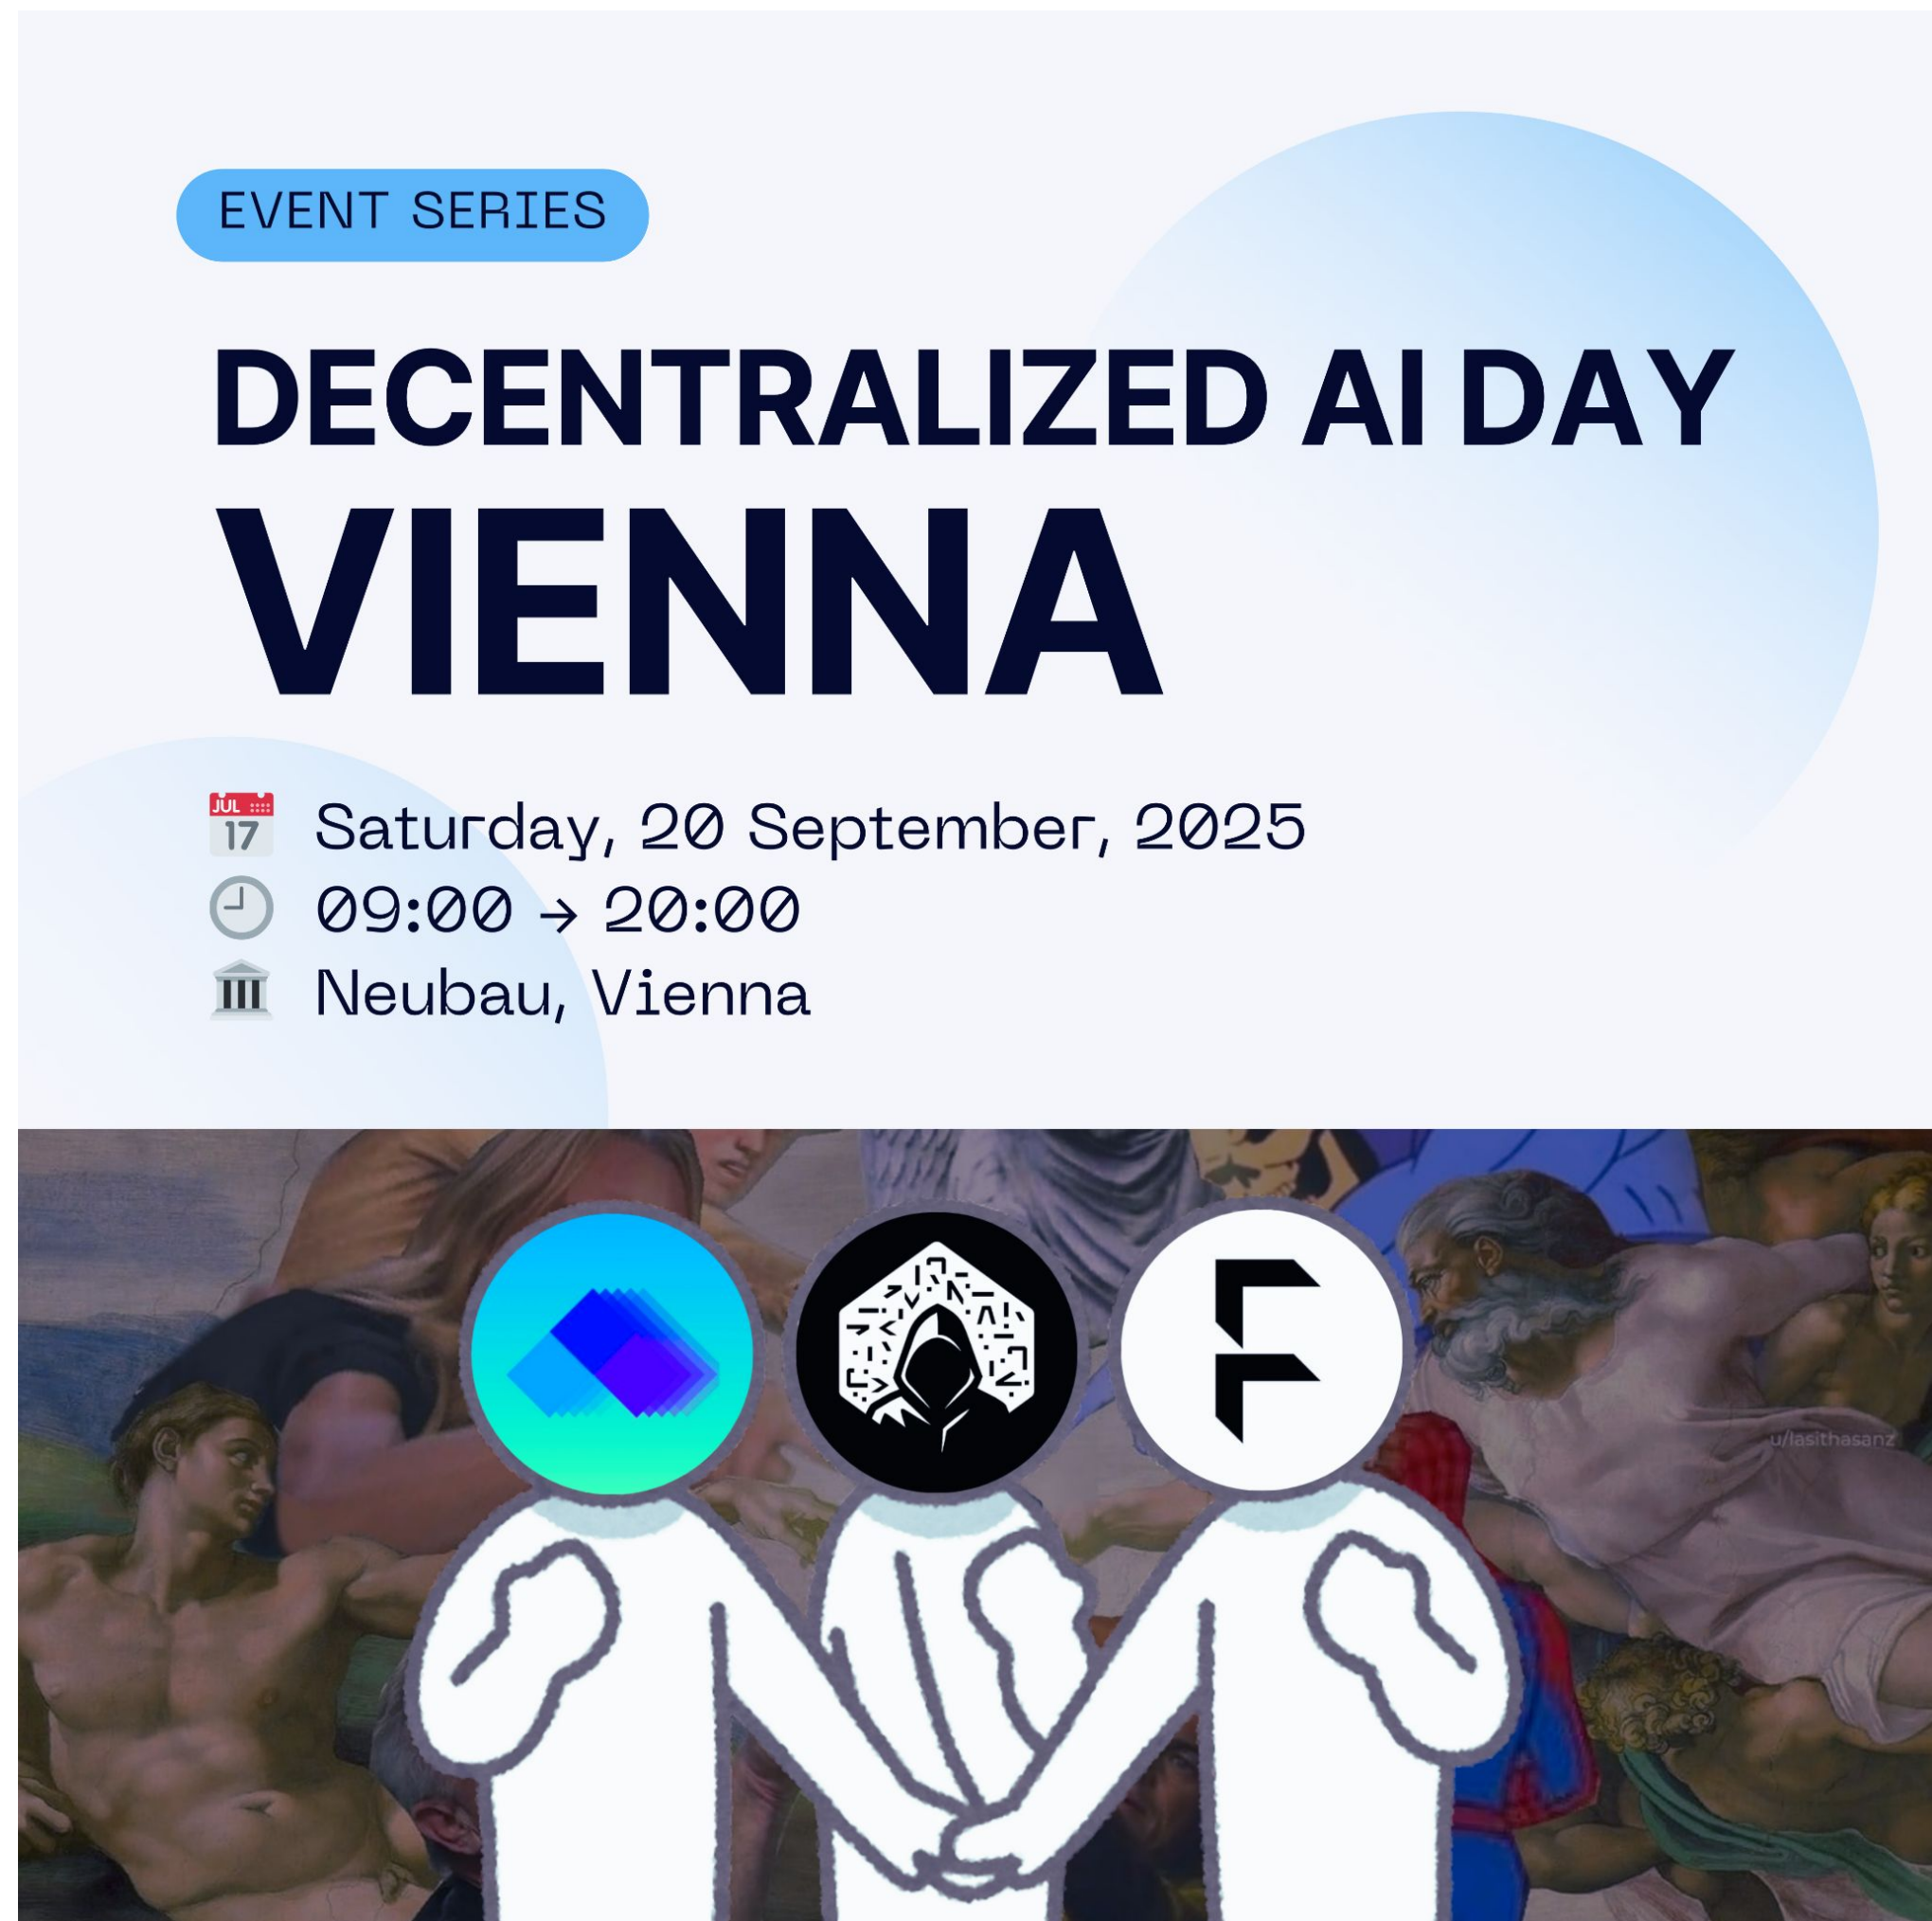

Key Takeaways

I have successfully earned tokens from these projects over the years and cashed them out in USDC.

That's why I am **confident** in using their logos for the event cover photo and inviting them to present at my events repeatedly.

I would love to learn more about the other DeAI projects today and start participating for real.

DeAI Day - Main Goals:

- Cut through the noise and avoid unnecessary hype around DeAI.
- Gain clear insights by hearing directly from project teams and contributors.
- Encourage thoughtful **due diligence** through active engagement in talks and discussions.

Today's Agenda

Financial:

- Numerai, YIEDL.ai, CrowdCent, MANTIS

Federated Learning:

- FLock.io

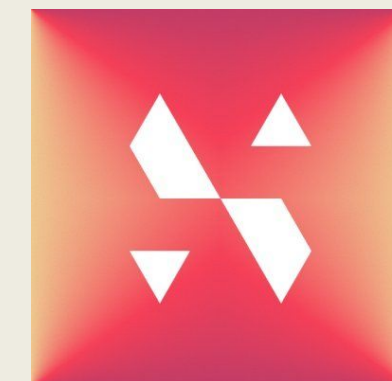

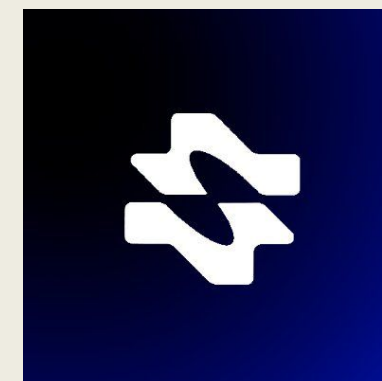

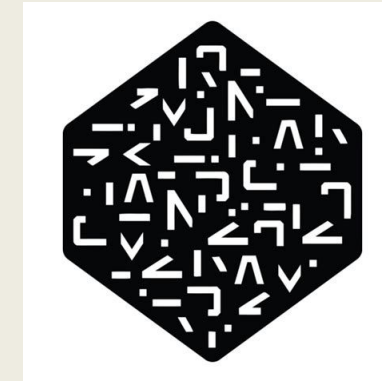

Sports Analytics:

- Sportstensor, Parabolica AI, Score, Forest AI

General Machine Learning:

- mljar
